

September 2026

Register to Attend Florida Blue's October and November Quality Innovations Webinars

The 2026 Quality Innovations Webinar series will conclude with two additional sessions this fall. Be sure to [register](#) for **Medication Management** on **Tuesday, October 20, 2026 (noon–1 p.m. ET)**, and **Preventive Care Management** on **Tuesday, November 10, 2026 (noon–1 p.m. ET)**. You will have the opportunity to learn more about these plan-specific Healthcare Effectiveness Data and Information Set (HEDIS^{®1}) measures.

Medication Management

Explore how to optimize medication safety and efficacy. This webinar covers evidence-based prescribing, medication reconciliation best practices, and strategies for identifying and preventing drug interactions. Participants will learn to implement robust safety protocols and establish effective follow-up processes to improve patient outcomes across diverse populations. Click [here](#) to view the measures this session will address.

Preventive Care Management

Build a proactive approach to population health. Learn to identify at-risk populations through evidence-based screening, implement proven preventive care models, and deploy targeted interventions. This webinar provides the tools and strategies needed to embed prevention into your practice culture and achieve sustained improvements in patient wellness. Click [here](#) to view the measures this session will address.

About Our Quality Innovations Webinars

Florida Blue senior medical directors share the latest guidelines, insights, and best practices about HEDIS measures related to a specific topic and how to close care gaps. Interactive sessions include question and answer segments, allowing participants to engage with the presenter. We encourage physicians, advanced practice clinicians, nurses, population health staff, clinical training staff, quality care team members, and coding staff to attend.

AAFP has reviewed Quality Innovations Webinar and deemed it acceptable for AAFP credit. Term of approval is from October 20, 2026 through December 31, 2026. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The Medication Management session is approved for 1.00 online AAFP prescribed.
