Part D Prescription Drug Benefits

Deductible Stage:

- The Deductible Stage is the first payment stage for your drug coverage. You will pay a yearly deductible of \$700 which applies to Tier 4 (Non-Preferred Drug) and Tier 5 (Specialty Tier) drugs. You must pay the full cost of your Tier 4 (Non-Preferred Drug) and Tier 5 (Specialty Tier) drugs until you reach the plan's deductible amount. The deductible doesn't apply to covered insulin products and most adult Part D vaccines, including shingles, tetanus, and travel vaccines. For all other drugs, you will not have to pay any deductible. The full cost is usually lower than the normal full price of the drug since our plan has negotiated lower costs for most drugs at network pharmacies.
- Once you have paid \$700 which applies to Tier 4 (Non-Preferred Drug) and Tier 5 (Specialty Tier) drugs, you leave the Deductible Stage and move on to the Initial Coverage Stage.

Initial Coverage Stage:

- You begin in this stage after you meet your deductible (if applicable). During this stage, the plan pays its share of the cost of your drugs, and you pay your share of the cost.

- In this stage, you'll pay your plan copays or coinsurance. The plan pays the rest. Once you have paid a combined total of **\$2,400**, which includes the amount you paid towards your deductible, you move to the Catastrophic Coverage stage. You may get your drugs at network retail and mail order pharmacies.

Tier Drug Coverage	Standard Retail/LTC/Mail Order (31-day supply)	Standard Retail/Mail Order (90 to 100-day supply)
Tier 1 - Preferred Generic	\$0 copay	\$0 copay
Tier 2 - Generic	\$0 copay	\$0 copay
Tier 3 - Preferred Brand	19% coinsurance	19% coinsurance
Tier 4 - Non-Preferred Drug	26% coinsurance	26% coinsurance
Tier 5 - Specialty Tier	25% coinsurance	N/A
Tier 6 - Select Care Drugs	\$0 copay	\$0 copay

You won't pay more than \$35 for a one-month supply of each covered insulin product regardless of the drug tier, even if you haven't paid your deductible.

Catastrophic Coverage Stage:

- You enter the Catastrophic Coverage Stage when your out-of-pocket costs have reached the **\$2,400** limit for the calendar year. During the Catastrophic Coverage Stage, you pay nothing for your covered Part D drugs. You will stay in this payment stage until the end of the calendar year.

Additional Information About Drug Coverage

- For a complete list of the drugs we cover see the plan's **"Formulary"** and to see information about the cost of drugs see the plan's **"Evidence of Coverage"**. These documents are on our website, (www.floridablue.com/medicare/forms) or you can call us. If you request a formulary exception, and the plan approves it, you will pay **Tier 4 (Non-Preferred Drug)** cost-sharing.
- Your cost-sharing may be different if you use a Long-Term Care (LTC) pharmacy, a home infusion pharmacy, an out-of-network pharmacy, or if you purchase a long-term supply (up to 90 days) of a drug.
- Our plan covers most Part D vaccines at no cost to you including shingles, tetanus and travel vaccines.

Medicare Prescription Payment Plan

- The Medicare Prescription Payment Plan is a payment option to help Medicare beneficiaries spread out their out-of-pocket drug costs across the calendar year (January to December). Participation is voluntary and there is no cost to enroll. You can enroll in the payment plan by speaking with your Agent of Record (AOR) or by calling our dedicated Election support line at 1-800-926-6565 or 1-833-696-2087, (TTY – 711) 8am — 8pm ET Mon – Fri, (voicemails monitored on weekends), 8am — 8pm ET 7 days a week (during Annual Enrollment Period (AEP)).
