

Under 65 Open Enrollment Starts on November 1 for Individuals and Families

The Open Enrollment Period (OEP) for 2025 under 65 health coverage is from November 1 through January 15. Your patients may have questions about health coverage for the coming year for themselves or family and friends who do not have health coverage. There are several ways to get assistance on choosing the right plan for their budget and health care needs.

2025 Individual Under 65 (IU65) Open Enrollment Dates

- To have **coverage starting January 1, 2025**, individuals must **enroll by December 15**.
- For **coverage starting February 1, 2025**, they must **enroll by January 15**.
This is not recommended, as they would not have coverage for the month of January.
