

## **We Know You Are Looking for 2021 Fee Schedules**

We are waiting for the Centers for Medicare & Medicaid Services (CMS) to send us the new codes for 2021. Once we receive the codes, we will validate the data.

After the validation, we will begin to release the fee schedules for the first quarter.

There is generally a delay each year. We wait for CMS to send us the new codes for the new year. Once received, Florida Blue must validate the data. We will post it as soon as possible.

Until then, you will see the following message in Availity<sup>®1</sup>:

“We are currently awaiting the CMS data for the 1<sup>st</sup> quarter Fee Schedule release. Once the data has been loaded into all systems, we will begin processing the Fee Schedules in the order they are received. Please check back here for updates on the 2021 Fee Schedules.”

Additional updates will be posted in Availity as new information becomes available.

<sup>1</sup>Availity, LLC is a multi-payer joint venture company. For more information, visit [availity.com](https://www.availity.com).
