## Part D Prescription Drug Benefits

**BlueMedicare Classic (HMO)  
Miami-Dade  
H1035-017**

**Deductible Stage**

- The Deductible Stage is the first payment stage for your drug coverage. You will pay a yearly deductible of \$615 which applies to Tier 3 (Preferred Brand), Tier 4 (Non-Preferred Drug) and Tier 5 (Specialty Tier) drugs. You must pay the full cost of your Tier 3 (Preferred Brand), Tier 4 (Non-Preferred Drug) and Tier 5 (Specialty Tier) drugs until you reach the plan's deductible amount. The deductible doesn't apply to covered insulin products and most adult Part D vaccines, including shingles, tetanus, and travel vaccines. For all other drugs, you will not have to pay any deductible. The full cost is usually lower than the normal full price of the drug since our plan has negotiated lower costs for most drugs at network pharmacies.

- The Deductible Stage is the first payment stage for your drug coverage. You will pay a yearly deductible of \$615 which applies to Tier 3 (Preferred Brand), Tier 4 (Non-Preferred Drug) and Tier 5 (Specialty Tier) drugs. You must pay the full cost of your Tier 3 (Preferred Brand), Tier 4 (Non-Preferred Drug) and Tier 5 (Specialty Tier) drugs until you reach the plan's deductible amount. The deductible doesn't apply to covered insulin products and most adult Part D vaccines, including shingles, tetanus, and travel vaccines. For all other drugs, you will not have to pay any deductible. The full cost is usually lower than the normal full price of the drug since our plan has negotiated lower costs for most drugs at network pharmacies.
