

March 2026

Register to Attend Florida Blue's April Quality Innovations Webinar

We are pleased to announce the continuation of our Quality Innovations Webinar series in 2026 our second session on **Tuesday, April 28, noon – 1 p.m. ET**. This Healthcare Effectiveness Data and Information Set (HEDIS^{®1}) educational program will highlight key measures and best practices to support high-quality patient care.

The upcoming webinar will explore the transitions of care in the context of emergency department utilization, hospitalization, and acute behavioral health. For the specific HEDIS measures being discussed in the webinar, refer to the following provider links which apply to members in our commercial, Federal Employee Program[®] (FEP), and Medicare plans:

- [Medicare HEDIS Webinar Topics](#)

About Our Quality Innovations Webinars

Florida Blue senior medical directors share the latest guidelines, insights, and best practices about HEDIS measures related to a specific topic and how to close care gaps. Interactive sessions include question and answer segments, allowing participants to engage with the presenter. We encourage physicians, advanced practice clinicians, nurses, population health staff, clinical training staff, quality care team members, and coding staff to attend.

AAFP has reviewed Quality Innovations Webinar and deemed it acceptable for AAFP credit. Term of approval is from February 24, 2026 through December 31, 2026. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This session Quality Innovations Webinar: Transitions of Care is approved for 1.00 online AAFP prescribed credit.

Register Today!

Be sure to [register](#) for this webinar to learn more about the plan-specific measures we will discuss during this session.
