## Stay in the network and save

BlueOptions has the most providers of all the Florida Blue health plan networks. You'll save time and usually pay less when you go to health care providers who are part of the network,<sup>6</sup> and understand how your plan works.

### Know your options for urgent care

If you need care right away and your regular doctor is not available, consider using an urgent care center instead of the emergency room. These centers can usually save time and money on care for minor illnesses and injuries. In a real emergency, always go to the nearest emergency room, and you're covered.

### Out-of-network care

You're covered for most services if you see a doctor who's not in the network, but you may pay more.

- If you go to an in-network facility but are treated by an out-of-network doctor (like an anesthesiologist or radiologist), you may pay more. If your provider charges more than the maximum amount your plan will pay for that health care service, you may have to pay the difference.

## Find a doctor

It's fast and simple to find a doctor or facility in the BlueOptions network.

### Florida Blue members:

- Log in to your account at [FloridaBlue.com](https://FloridaBlue.com), or the mobile app. You can search by location, type of doctor, or even the language they speak.

### Not a member yet? No problem!

- Go to [FloridaBlue.com](https://FloridaBlue.com), and enter BlueOptions in your search.

### Get approval ahead of time for some services

You won't need approval ahead of time for many routine services. But for certain medical services, like MRI scans and sleep studies, you'll need to work with your doctor to get advance approval from Florida Blue.

Visit [FloridaBlue.com/authorization](https://FloridaBlue.com/authorization) or call us to check.

### Worldwide coverage

You take your health coverage with you when you are abroad. Through the Blue Cross Blue Shield Global Core Program, you have access to doctors and hospitals around the world.

## Prescription drug benefits

All BlueOptions plans include prescription drug coverage at most major pharmacies. You'll get the most for your money by choosing generic drugs and home delivery for 90-day supplies. Generic drugs have the same active ingredients as brand name drugs, but generally cost less.

### With Florida Blue, you get:

- \$0 prescribed generic contraceptives and preventive medications
- **More than 150 generic medications available for less than \$5** to help manage ongoing health conditions
- **Convenient home delivery to save monthly trips to the pharmacy!** Have your maintenance medications mailed to your home with Amazon Home Delivery Pharmacy. You could save even more with Amazon's MedsYourWay™ discount card pricing.

### Before you get a prescription filled:

- Find an in-network pharmacy<sup>7</sup>
- Compare drug costs
- Check the Medication Guide to find out if a drug is covered or needs approval first

## Choose generic medications over brand to save \$\$.

Brand name medications are much more expensive than generic. This example shows how much you can save by choosing generic on just one prescription.

Brand drug copay		Difference in drug cost <sup>8</sup>		Brand cost
\$40	+	\$70	=	\$110
vs				
Generic drug copay-\$10				
= <b>\$100 savings</b>				

## Help when you need it

You'll get one-on-one support from our care consultants for help with:

- Finding the lowest cost for your prescriptions
- Learning about your treatment options
- Deciding where to go for the care you need

## Your plan at your fingertips

You can see your plan information 24/7 in your online member account or with the Florida Blue mobile app. It's never been so easy to stay connected.
