

September 2025

Important Updates to Medicare Part B Drug Prior Authorization HCPCS Codes Code Updates as of September 1, 2025

Our Medicare Part B Drug prior authorization Healthcare Common Procedure Coding System (HCPCS) codes have been updated, effective September 1, 2025.

Matching HCPCS Codes Required for Authorization

All codes included in a claim must be the same as the HCPCS codes authorized by Florida Blue Medicare to prevent issues with the claim. If the authorized codes do not match what is billed on the claim, the authorization will be considered invalid and the billed services will be denied.

Our medical/pharmacy policies and guidelines can be obtained [here](#).
