Disclosure Statement

The Florida Blue HIPAA Transaction Standard Companion Guide for EDI Transactions Technical Reports, Type three (3) (TR3) provides guidelines for submitting electronic batch transactions. Because the HIPAA ASC X12-TR3s require transmitters and receivers to make certain determinations/elections (e.g., whether, or to what extent, situational data elements apply) this Companion Guide documents those determinations, elections, assumptions or data issues that are permitted to be specific to Florida Blue business processes when implementing the HIPAA ASC X12 5010 TR3s.

This Companion Guide does **not** replace or cover all segments specified in the HIPAA ASC X12 TR3s. It does not attempt to amend any of the requirements of the TR3s or impose any additional obligations on trading partners of Florida Blue that are not permitted to be imposed by the HIPAA Standards for Electronic Transactions. This Companion Guide provides information on Florida Blue specific codes relevant to Florida Blue business processes, rules and situations that are within the parameters of HIPAA. Readers of this Companion Guide should be acquainted with the HIPAA ASC X12 TR3s, their structure and content.

This Companion Guide provides supplemental information that exists between Florida Blue and its trading partners. Trading partners should refer to their Trading Partner Agreement for guidelines pertaining to Availity, LLC legal conditions surrounding the implementation of the EDI transactions and code sets. However, trading partners should refer to this Companion Guide for information on Florida Blue business rules or technical requirements regarding the implementation of HIPAA-compliant EDI transactions and code sets.

Nothing contained in this Companion Guide is intended to amend, revoke, contradict or otherwise alter the terms and conditions of your applicable Trading Partner Agreement. If there is an inconsistency between the terms of this Companion Guide and the terms of your applicable Trading Partner Agreement, the terms of the Trading Partner Agreement will govern. If there is an inconsistency between the terms of this Companion Guide and any terms of the TR3, the relevant TR3 will govern with respect to HIPAA edits and this Companion Guide will govern with respect to business edits.

1 INTRODUCTION

The Health Insurance Portability and Accountability Act (HIPAA) requires that the health care industry in the United States comply with the electronic data interchange (EDI) standards as established by the Secretary of Health and Human Services. The Technical Reports Type three (3) Guides (TR3s) for the ANSI 276/277 Claim Status Inquiry and Response transaction specifies in detail the required formats. It contains requirements for the use of specific segments and specific data elements within segments and was written for all health care providers and other submitters. It is critical that your software vendor or IT staff review this document carefully and follow its requirements to send HIPAA-compliant files to Florida Blue via your vendor. The ASC X12 005010X212A1 is the established standard for Claim Status Inquiry and Response (ANSI 276/277).

1.1 Scope

This ANSI 276/277 *Companion Guide* was created for Florida Blue trading partners to supplement the ANSI 276/277 TR3. It describes the data content, business rules, and characteristics of the ANSI 276/277 transaction.

1.2 Overview

The Technical Reports Type three (3) Guides (TR3s) for the ANSI 276/277 Claim Status Inquiry and Response transaction specifies in detail the required formats. It contains requirements for the use of specific segments and specific data elements within segments, and was written for all health care providers and other submitters. It is critical that your software vendor or IT staff review this document carefully and follow its requirements to send HIPAA-compliant files to Florida Blue via your vendor.

Holiday Schedule

Our company observes the following holidays for 2023:

1. **New Year’s Day (Observed)- Monday, January 2**
2. **Martin Luther King’s Day- Monday, January 16**
3. **Memorial Day- Monday, May 29**
4. **Juneteenth- Monday, June 19**
5. **Independence Day- Tuesday, July 4**
6. **Labor Day- Monday, September 4**
7. **Thanksgiving Holiday- Thursday, November 23 & Friday, November 24**
8. **Christmas Holiday (Observed) -Monday, December 25 & Tuesday, December 26**

If a holiday falls on a day when our company doesn’t operate, we will observe that holiday on the closest business day. For example, if a holiday falls on a Sunday, the following Monday will be observed as a holiday.

Notes

- **New Year’s Day** – Monday, January 2, 2023, will be recognized as a holiday since New Year’s Day 2023 is on a Sunday.
- **Christmas 2023** - Christmas Day 2023 is on a Monday. Tuesday, December 26, 2023, will be recognized as a holiday since Christmas Eve 2023 is on a Sunday.

2 GETTING STARTED

2.1 Working with Florida Blue

Availity optimizes information exchange between multiple health care stakeholders through a single, secure network. The Availity Health Information Network encompasses administrative, financial, and clinical services, supporting both real-time and batch EDI via the web and through business to business (B2B) integration. For more information, including an online demonstration, please visit availity.com or call 800-282-4548.

2.2 Trading Partner Registration

In order to register, you will need:

- Basic information about your practice, including your Federal Tax ID and National Provider Identifier.
- Someone with the legal authority (typically an owner or senior partner) to sign agreements for your organization.

¹Availity, LLC, is a multi-payer joint venture company. For more information or to register, visit availity.com.

Blue Cross and Blue Shield of Florida, Inc., is an Independent Licensee of the Blue Cross and Blue Shield Association.

All rights reserved. This document may be copied.

- An office manager or other employee who can oversee the Availity implementation and maintain User IDs and access.

2.3 Certification and Testing Overview

All trading partners and clearinghouses should be certified via Availity. It is recommended that the trading partner obtain HIPAA certification from an approved testing and certification third party vendor prior to testing.

3 TESTING WITH FLORIDA BLUE AND AVAILITY

Florida Blue recommends that Trading Partners contact Florida Blue to obtain a testing schedule and or notify Florida Blue of potential testing opportunities prior to implementing any foreseen transaction impacts to the business flow of both Florida Blue and/or the trading partner.

4 CONNECTIVITY/COMMUNICATIONS WITH FLORIDA BLUE AND AVAILITY

4.1 Transmission Administrative Procedures

Connectivity

Secure File Transfer via Internet

FTP via ISDN, Leased Lines, Frame Relay, VPN

Firewall Mechanics

If you are behind a firewall, make sure that your FTPS client passes the Internet facing IP address of the server rather than the internal IP. Failure to do so usually causes the communication break when the client tries to list the files available in the Server or during upload or download of files.

4.2 Re-Transmission Procedure

Encryption Method

Secure Socket Layer (SSL)

4.3 Communication Protocol Specifications

Protocols Used

- HTTPS/FTPS
- HTTPS and your common Internet browsers (IE, Firefox, etc.) Port 443 (default)
- FTPS: Any FTP client capable of SSL encryption

¹Availity, LLC, is a multi-payer joint venture company. For more information or to register, visit availity.com.

- Client examples
- Valicert FTP Client
- Cute-FTP
- WS-FTP Pro
- FileZilla
- Others
- FTPS Parameters
- Port 21
- Authentication: FTP over SSL (explicit) or FTP over TLS (explicit)
- Active Mode
- File retention is 72 hours
- SSH Parameters
- Use SFTP or SCP
- Port 22
- Authentication: User id and Password

4.4 Passwords

- If a password change is necessary, please contact Availity at 800-282-4548 or availity.com.

5 CONTACT INFORMATION

5.1 EDI Customer Service

For EDI customer service related to Florida Blue, please visit availity.com or call 800-282-4548.

5.2 EDI Technical Assistance

For support of EDI transactions through Availity, please visit availity.com or call 800-282-4548.

5.3 Provider Service Number

For provider services, please contact Florida Blue at 800-727-2227. For faster service, please have your Availity transaction ID available.

5.4 Applicable websites/email

- availity.com
- floridablue.com

6 CONTROL SEGMENTS/ENVELOPES

ANSI 276/277 – Claim Status Inquiry and Response:

The purpose of this section is to delineate specific data requirements where multiple valid values are presented within the 5010 TR3.

Common Definitions:

¹Availity, LLC, is a multi-payer joint venture company. For more information or to register, visit availity.com.

Blue Cross and Blue Shield of Florida, Inc., is an Independent Licensee of the Blue Cross and Blue Shield Association.

All rights reserved. This document may be copied.

- Interchange control header (ISA06) Interchange Sender ID (Mailbox ID) – is individually assigned to each trading partner.
- Interchange control header (ISA08) Interchange Receiver ID – is the Florida Blue Tax ID, 592015694.
- Interchange control header (ISA15) Usage Indicator – defines whether the transaction is a test (T) or production (P).
- Functional Group Header (GS02) Application Sender’s code – is individually assigned to each trading partner.

**ANSI 276/277 - Claim Status Inquiry and Response:
Global Information**

Req #	Loop ID – Segment Description & Element Name	Reference Description	TR3 Page(s)	Plan Requirement
G1	All Transactions			Florida Blue requires a trading partner Agreement to be on file with Availity indicating all electronic transactions the trading partner intends to send or receive.
G2	All Segments			Only loops, segments, and data elements valid for the 276 HIPAA-AS TR3 Guide ASC X12 005010X212 will be used for processing.
G3	<p>Acknowledgments –</p> <p>Florida Blue acknowledgements are created to communicate the status of transactions. It is imperative that they be retrieved on a daily basis. One file could result in multiple acknowledgements.</p> <p><u>ANSI X12:</u></p> <p>-TA1 – Interchange Acknowledgement</p> <p>-999– Functional Acknowledgement</p>			<p>TA1 is available immediately after depositing file</p> <p>999 is available immediately after depositing file</p>
G4	Negative Values			Submission of any negative values in the 276 transaction will not be

Florida Blue Health Plan Companion Guide ANSI 276/277 Transaction Type

Req #	Loop ID – Segment Description & Element Name	Reference Description	TR3 Page(s)	Plan Requirement
				processed or forwarded.
G5	Date fields			All dates submitted on an incoming 276 Claim Status Inquiry must be a valid calendar date in the appropriate format based on the respective HIPAA-AS TR3 qualifier. Failure to do so may cause processing delays or rejection.
G6	Batch Transaction Processing			Generally, Availity and Florida Blue gateway accept transmissions 24 hours a day, seven (7) days a week.
G7	Multiple Transmissions	All Segments		Any errors detected in a transaction set will result in the entire transaction set being rejected.
	All transactions – B2B / EDI			Florida Blue requests to remove - (dashes) from all tax IDs, SSNs and zip codes.
G9	All Segments	Response		An outbound 277 HIPAA compliant claim status is contingent upon Florida Blue's receipt of an original ANSI X12 5010 837 claim. Therefore, if the claim was not received via a HIPAA compliant 837 claim, all relevant data elements and values are not available for return on the 277 transactions.
G10		Response		If the provider of services has been assessed a lien, levy or garnishment, all money from claim payments will be withheld by Florida Blue. If an ANSI X12 276, requests the status of a claim that meets this condition, the 277 response will provide the payment information that you would have received without the garnishment being applied.

Enveloping Information – 276 Inquiry

Req #	Loop ID - Segment Description & Element Name	Reference Description	TR3 Page(s)	Plan Requirement
E1	Interchange Control Header	ISA	Appendix B.5; C.3	All transactions utilize delimiters from the following list: >, *, ~, ^, , { and : . Submitting delimiters not supported within this list may cause an interchange (transmission) to be rejected.
E2	Interchange Control Structure	ISA	Appendix B (B.3)	Must submit Claim Status inquiry data using the basic character set as defined in Appendix B of the ASC X12 005010X212 TR3. In addition to the basic character set, you may choose to submit lower case characters and the special character (@) from the extended character set. Any other characters submitted from the extended character set may cause the interchange (transmission) to be rejected by the Plan.
E3	Interchange Control Header Authorization Information Qualifier	ISA01	Appendix C (C.4)	Florida Blue requires 00 in this field.
E4	Interchange Control Header Authorization Information	ISA02	Appendix C (C.4)	Florida Blue requires 10 spaces in this field.
E5	Interchange Control Header Security Information Qualifier	ISA03	Appendix C (C.4)	Florida Blue requires 00 in this field.
E6	Interchange Control Header Security Information	ISA04	Appendix C (C.4)	Florida Blue requires 10 spaces in this field.
E7	Interchange Control Header Interchange ID Qualifier	ISA05	Appendix C (C.4)	Florida Blue requires 01 in this field.
E8	Interchange Control Header Interchange Sender ID	ISA06	Appendix C (C.4)	Florida Blue requires submission of your individually assigned Florida Blue sender mailbox number in this field.
E9	Interchange Control Header Interchange ID Qualifier	ISA07	Appendix C (C.5)	Florida Blue requires ZZ in this field.
E10	Interchange Control Header Interchange Receiver ID	ISA08	Appendix C (C.5)	Florida Blue will only accept the submission of Florida Blue tax ID number 592015694 in this field.
E11	Interchange Control Header Repetition Separator	ISA11	Appendix C (C.5)	All transactions utilize { as repetition separator. Submitting delimiters other than this may cause an interchange (transmission) to be rejected.

¹Availity, LLC, is a multi-payer joint venture company. For more information or to register, visit availability.com.

Blue Cross and Blue Shield of Florida, Inc., is an Independent Licensee of the Blue Cross and Blue Shield Association.

All rights reserved. This document may be copied.

Req #	Loop ID - Segment Description & Element Name	Reference Description	TR3 Page(s)	Plan Requirement
E12	Interchange Control Header Acknowledgement Requested	ISA14	Appendix C (C.6)	The TA1 will not be provided without a code value of 1 in the field.
E13	Interchange Control Header Interchange Usage Indicator	ISA15	Appendix C (C.6)	Florida Blue requires P in this field to indicate the data enclosed in this transaction is a production file.
E14	Interchange Control Header Component Element Separator	ISA16	Appendix C (C.6)	: Delimiter Florida Blue requires the use of the above delimiter to separate component data elements within a composite data structure.
E15	Interchange Control Header Functional Group Header/Functional Group Trailer	GS - GE ISA - IEA	Appendix C (C.7)	Florida Blue will only process one transaction type per GS-GE (functional group). However, we will process multiple ST's within one (1) GS segment as long as they are all the same transaction type.
E16	Functional Group Header Functional Identifier Code	GS01	Appendix C (C.7)	HR – Claim Status Inquiry Florida Blue requires submission of the above value in this field.
E17	Functional Group Header Application Sender's Code	GS02	Appendix C (C.7)	Florida Blue requires the submission of the Florida Blue assigned Sender Code in this field.
E18	Functional Group Header Application Receiver's Code	GS03	Appendix C (C.7)	592015694 Florida Blue requires the submission of the above value in this field for 276 Claim Status, all others may cause rejection.
E19	Implementation Convention Reference	ST03	36	Must contain 005010X212.
E20	999 Functional Acknowledgement	GS08		Florida Blue will return the version of the 276 inbound transactions in the GS08 segment of the 999 functional acknowledgements.

Req #	Loop ID - Segment Description & Element Name	Reference Description	TR3 Page(s)	Plan Requirement
E14	Interchange Control Header Component Element Separator	ISA16	Appendix C (C.6)	Florida Blue uses: as the delimiters to separate component data elements within a composite data structure.
E15	Interchange Control Header Functional Group Header/Functional Group Trailer	GS - GE ISA - IEA	Appendix C (C.7)	Florida Blue will only process one transaction type per GS-GE (functional group). However, we will process multiple ST's within one (1) GS segment as long as they are all the same transaction type.
E16	Functional Group Header Functional Identifier Code	GS01	Appendix C (C.7)	HN – Claim Status Response Florida Blue sends the above value in this field.
E17	Functional Group Header Application Sender's Code	GS02	Appendix C (C.7)	Florida Blue sends 592015694 in this field.
E18	Functional Group Header Application Receiver's Code	GS03	Appendix C (C.7)	Florida Blue sends Florida Blue assigned Sender Code in this field.
E19	Implementation Convention Reference	ST03	36	Florida Blue sends 005010X212 in this field.
E20	999 Functional Acknowledgement	GS08		Florida Blue will return the version of the 277 outbound transactions in the GS08 segment of the 999 functional acknowledgements.

8 ACKNOWLEDGEMENTS AND/OR REPORTS

The purpose of this section is to outline Florida Blue processes for handling the initial processing of incoming files and the electronic acknowledgment generation process.

TA1 Interchange Acknowledgement Transaction

All X12 file submissions are pre-screened upon receipt to determine if the ISA or IEA segments are readable. If errors are found, a TA1 response transaction will be sent to notify the trading partner that the file could not be processed provided the file contains a code value of one (1) in the ISA14. No TA1 response transaction will be sent for error-free files.

Once Florida Blue determines that the file is readable, validation is performed on the interchange control header (ISA) and interchange control trailer (IEA) loop information. If these segments have a non-standard structure, the file will receive a full file reject and the TA1 response transaction will be sent to the trading partner, provided the file contains a code value of one (1) in the ISA14.

999 Functional Acknowledgement Transactions

If the file submission passes the ISA/IEA pre-screening above, it is then checked for ASC X12 syntax and HIPAA compliance errors. When the compliance check is complete, a 999 will be sent to the trading partner informing them if the file has been accepted or rejected. If multiple transaction sets (ST-SE) are sent within a functional group (GS-GE), the entire functional group (GS-GE) will be rejected when an ASC X12 or HIPAA compliance error is found.

9 TRADING PARTNER AGREEMENTS

Please contact Availity for your Trading Partner Agreement at 800-282-4548 or availity.com.

10 TRANSACTION SPECIFIC INFORMATION

10.1 ASC X12 Transactions Supported

Florida Blue processes the following ASCX12 HIPAA transactions for Claim Status Request

ASC X12 276 ASC X12 005010X231A1	Claim Status and Response Inquiry
ASC X12 TA1 v005010X231A1 (HIPAA)	Response to the X12 transactions where errors are encountered in the outer envelopes (ISA/IEA and GS/GE segments)
ASC X12 999 V 005010X231A1 (HIPAA)	Functional Acknowledgement
