

Get Covered Florida

The real value of health insurance

No one plans to get sick or hurt, but most of us will need medical care sometime during the year. Plus, health insurance helps keep you healthy! You're covered for checkups, vaccines, yearly bloodwork and cancer screenings **at no extra cost.**

Did you know without health insurance it costs...

\$3,100

On average for an ER visit at a Florida hospital¹

\$7,500

To fix a broken leg²

\$30,000

On average for a three-day hospital stay²

Hundreds of thousands

of dollars for comprehensive cancer care²

Having health coverage means you won't have to pay the medical bills on your own, whether you have a simple stomach bug or a serious accident or injury.

Marketplace health insurance plans include:

- Preventive and wellness care
- Hospitalization
- Emergency care
- Prescription drugs
- Behavioral health services
- Lab services and more!

Not having health insurance can cost you more than you may think. Could this be you?

Steve was having stomach pain along with feeling sick and vomiting. After arriving at the ER, he was admitted in the hospital with appendicitis. Without health insurance, he owed more than **\$35,000³** out of his pocket for his two-day hospital stay.

Stacey broke her leg sliding into home plate during a softball game. Treatment at the urgent care center, plus follow-up visits to the bone specialists, came to more than **\$7,500²**—which she paid out of her own pocket.
