

Antidepressant Medication Management HEDIS Measure to Retire: Portal Display to End

For measurement year 2026 (MY2026), the National Committee for Quality Assurance (NCQA) will retire the Healthcare Effectiveness Data and Information Set (HEDIS^{®1}) Antidepressant Medication Management (AMM) quality measure.

Following the AMM measure's retirement, it will no longer display in our ProviderVista and Provider Link[™] provider portals. Specifically, in ProviderVista, it will not appear in the Practice Summary Dashboard under Behavioral Health. In Provider Link, it will not be available in the Care Gaps dashboard.
