

Amazon Pharmacy Now Available as Home Delivery Service

Amazon Pharmacy is now available to some of your Florida Blue patients for home delivery of maintenance medications. We notified eligible Florida Blue members about this new home delivery option for pharmacy services, which started March 1.

What This Means

Your eligible Florida Blue patients who would like their long-term maintenance medications filled by Amazon Pharmacy, may contact you for a new 90-day prescription. Any current prescriptions they have with a different home delivery service will not be automatically transferred to Amazon Pharmacy.

Amazon Pharmacy may also reach out to you for new prescriptions on behalf of your Florida Blue patients. Please respond timely to Amazon Pharmacy's requests to prevent delays with their home delivery services.

Submit new prescriptions to Amazon Pharmacy using the following information:
