

## **Earn CEUs for Attending Free ABA Webinar**

New Directions Behavioral Health will offer a series of free educational applied behavior analysis (ABA) webinars led by Board Certified Behavior Analysts (BCBA). This series is designed for ABA providers, but all providers are welcome to attend.

### **Webinars**

These web-based events are designed to help ABA providers stay current with the latest research and skills needed to provide high-quality ABA care.

These monthly education sessions will focus on best practices in ABA and ethical considerations, including:

- Autism and mental health comorbidities.
- Parent training, education and support.
- Transition planning.
- Coordination of care.
- Informed consent.
- Client dignity.
- Child abuse reporting and maintaining therapeutic alliance.
- Suicidality and autism spectrum disorder (ASD).
- Gold-standard documentation.

### **Register and Earn CEUs**

Attendees will receive a CEU for participating in each webinar, and a new webinar will be offered every month. New Directions is accredited as a CEU provider by the Behavioral Analysis Certification Board (BACB), and webinars will follow all BACB requirements.

You can register for an upcoming webinar series [here](#).
