

## myBlue Medical Loss Ratio Filter Added to ProviderVista

We are pleased to announce the latest enhancement to our Provider Portal in the ProviderVista platform for your Florida Blue commercial patients. The myBlue MLR (medical loss ratio) filter was added to the Value-Based Program filter section, making it available for use across all reports in the ProviderVista platform.

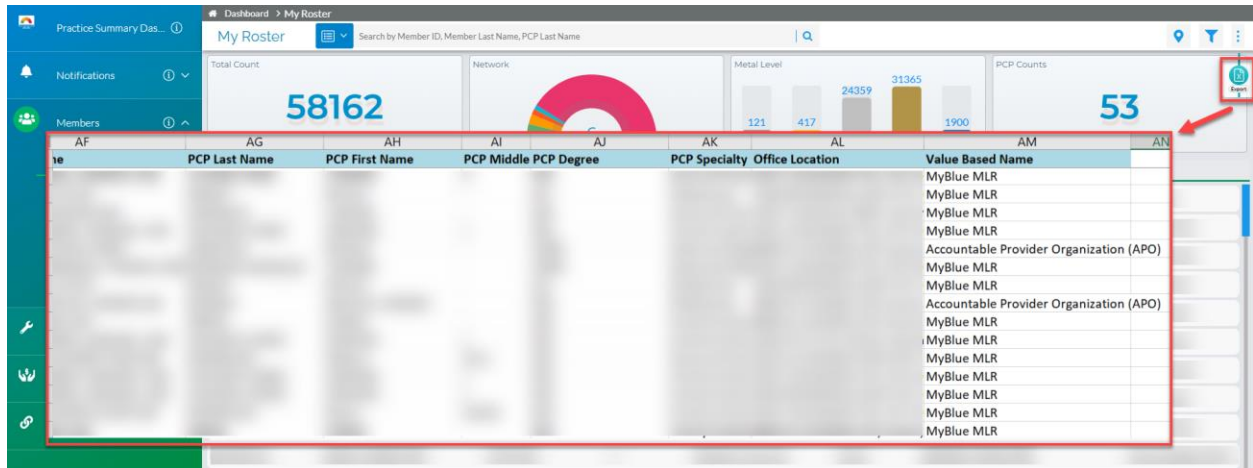

This enhancement establishes the new myBlue MLR filter, which allows you to filter your patients by this specific value-based program. The filter is designed to help our myBlue participating primary care providers (PCPs) identify and manage their patients who are part of this program. You can access this new filter with other existing filter options by clicking on the funnel icon (  ) located on the top right of the screen.

The Value-Based Program filter section includes two options: Accountable Provider Organizations (APO) and myBlue MLR. Selecting the Value-Based button (first row) will automatically select both filters. APO is a non-myBlue program, whereas myBlue offers its own value-based program, separate from APOs. APO networks include HMO, among others. The existing "myBlue" filter under the HMO section will remain unchanged.

This new filter can be used with other filters, such as Care Gaps, to provide a more comprehensive view of your patient population and help you identify opportunities for care improvement.

Additionally, when you export data, the myBlue MLR information will be included in the Excel export. As shown below, "myBlue MLR" will be displayed under the Value-Based Name column (if applicable to the member).

### Need Access to Our Provider Portal?

Simply ask your Availity<sup>®1</sup> Primary Access Administrator (PAA) to select the Provider Portal role in your profile. You will find the Provider Portal tile in the Florida Blue or Truli for Health Payer Space. As a reminder, ProviderVista and Provider Link<sup>™</sup> educational materials, including frequently asked questions and a user's guide, are in the Florida Blue Learning Center in the Florida Blue and Truli for Health Payer Spaces at [Availity.com](https://www.availity.com).
