

## Commercial Specialty Pharmacy Network Changes Effective January 2026

As of January 1, 2026, we have expanded our specialty pharmacy network with the Advocate+ Pharmacy Match program through Free Market Health (FMH). This program efficiently matches our Truli for Health members with great options for in-network specialty pharmacies based on several factors including access and lower out-of-pocket costs for your patients.

To support this change to Advocate+ Pharmacy Match, we have updated where self-administered specialty medication prior authorization requests and prescriptions are sent.

### Key Changes

- **Prior Authorizations:** Self-administered prior authorization requests will be reviewed by Prime Therapeutics via CoverMyMeds. Provider-administered requests can be submitted via Availity Essentials™ or Prime Therapeutics Management.
- **Specialty Prescriptions:** Self-administered specialty medication prescriptions should be sent to FMH Pharmacy (see below for contact information). FMH will forward the prescription to the matched specialty pharmacy.

It is important to note, you will continue to send provider-administered medication orders to CVS Specialty pharmacy.

Use the following contact information for sending specialty medication prescriptions to FMH.

Pharmacy Name	Address	Fax Number	NCPDP
FMH Pharmacy	40 24 <sup>th</sup> St. Suite 150, Pittsburgh, PA 15222	1-833-998-4435	6013914
