

Reminder: New Payer ID for Florida Blue Medicare

Florida Blue Medicare has a unique Availity®¹ payer ID, Florida Blue Medicare (FBM01). You can run transactions by simply selecting Florida Blue Medicare in the Availity transaction dropdown.

When you access Availity transactions such as the Eligibility & Benefit (E&B) function, select the Florida Blue Medicare payer in the dropdown.

The new payer ID provides improved transparency and oversight in Medicare transactional data quality, helping us to better evaluate your needs. It also personalizes your experience by applying specific rules, edits, messaging and reporting to transactions.

When using Availity self-service transactions for Florida Blue Medicare patients and updating practitioner/group demographics, please be sure to select the Florida Blue Medicare payer ID in the Availity transaction dropdown shown above. The chart below shows the current Availity transactions for Florida Blue Medicare. Additional transactions will be available in the future.

Administrative	Financial	Clinical
<ul style="list-style-type: none"> Eligibility and Benefits Authorizations and Referrals Electronic Claims Submission Claims Status Inquiry Learning and Development (accessed via FB payer space) Provider Data Mgmt. (accessed via FB payer space) 	<ul style="list-style-type: none"> Electronic Remittance Advice (ERA) Patient Cost Estimator Availity 360 reporting 	<ul style="list-style-type: none"> E&B Care and Coding Gaps

Note: Florida Blue Medicare will continue to access the Florida Blue payer space for registration and maintenance needs, resources, news and announcements, and learning and development.
