BILLING AND CODING

Submit Claims to Capture Additional and Supplemental Diagnoses
You can submit a claim for up to 12 diagnoses even if your practice management system has a lower limit. This article explains how to submit a supplemental claim to capture all diagnoses and how to submit supplemental diagnoses after you have billed the original claim for an evaluation and management service. ***Learn more>>***

COMMUNITY RESOURCES

Asthma Awareness Initiatives Help Improve Health Outcomes
Florida Blue is exploring ways to help Floridians learn more about managing their asthma and developing effective action plans. There is still space for the upcoming Spanish session webinar open to the community. ***Learn more>>***

PHARMACY

Pharmacy Updates to Commercially Insured Medical Coverage Guidelines Now Available
Each month and quarter, our Medical Coverage Guidelines (MCGs) for the Commercially insured are updated and published at FloridaBlue.com under *Medical and Pharmacy Policies and Guidelines, What's New*. The June 15 updates include, but are not limited to, the **Lamzede** MCG which is used for the treatment of non-central nervous system manifestations of alpha-mannosidosis in adult and pediatric patients. This update also shows the **Padcev** MCG which now updates the use for bladder cancer to include use as a single agent or in combination with Keytruda. Many other MCG updates are listed. ***Learn more>>***

PUBLIC HEALTH / PANDEMICS / COMMUNITY CRISES

COVID-19 Billing Guidelines Update as of May 2023
The federal public health emergency ended on May 11, 2023. An update to the billing guideline policies regarding **monoclonal antibody treatment coverage** are included in red on page 14. The billing guideline policies apply to our Commercial, Affordable Care Act, Medicare Advantage, Federal Employee Program® and Truli for Health lines of business. ***Learn more>>***

SELF-SERVICE TOOLS

Create Care Program Referrals on the ProviderVista Platform
A new feature of ProviderVista allows providers to submit a Care Management referral on behalf of patients. The health care professionals of Florida Blue's Clinical Care Program can help members with complex or chronic health conditions access covered services. ***Learn more>>***

For Florida Blue Providers Only

BILLING AND CODING

Documentation and Coding Best Practices for Sickle Cell Disease
June 19 is World Sickle Cell Day, an annual observance to increase public knowledge and understanding of this life-long illness. The disease affects diverse groups of people – about 100,000 in the US alone. More information as well as documentation and coding tips for sickle cell disease are available on our website. ***Learn more>>***

Documentation and Coding Spotlight on Cerebral Palsy
Here is a new document to help providers accurately document and code for cerebral palsy (CP). This spotlight presents an analysis of the classifications of CP, whether the type is singular or mixed. It includes documentation and coding examples, and links to resources. ***Learn more>>***

Documentation and Coding Spotlight on Cerebrovascular Accident
This new spotlight features documentation and coding tips on the five types of cerebrovascular accidents, or strokes, along with some examples and links to resources. ***Learn more>>***

Documentation and Coding Spotlight on Other Paralytic Syndromes
This information focuses on documentation and coding paralytic syndromes that fall outside of CP and stroke. This spotlight is new and provides details on types and classifications as well as examples and resources to help document and code paralytic conditions. ***Learn more>>***

PHARMACY

Part B Step Therapy Has Been Updated for Medicare Advantage
Florida Blue is including additional drugs to the Part B step therapy programs for Medicare Advantage. Step therapy is required, and the definition of medical necessity must be met, for certain higher-cost non-preferred medications. ***Learn more>>***
